Vinification: After gentle pressing of the grapes, the must is cryo-settled, then ferments in 225l oak barrels. The wine rests on the lees until the following May, with frequent bâtonnage to keep the lees in suspension.

Sensory profile: A superbly-structured white wine, with good alcoholic warmth. A gold-flecked yellow, it releases scents of ripe apple and banana. The full-bodied palate shows a fine balance between weight and alcohol, while it finishes with an elegant hint of vanilla, making it a real pleasure to drink.

Serving suggestions: The perfect partner to full-flavoured first courses, all lighter meats, and baked fish. Enjoy at 14°C.

Technical data: Alcohol: 14.2% –
Total acidity: 5.2g/l
